

Get Your Career Started with a School Based Apprenticeship or Traineeship

A School Based Apprenticeship or Traineeship is a great way to set yourself up for the career you want while you are completing your Secondary Schooling.

Traineeships: A School Based Traineeship is a two year contract that may be undertaken over years 10, 11 and 12. You will work for a local employer on a part-time basis and undertake structured training with a Registered Training Provider (RTO) that leads to a Nationally recognized qualification.

Apprenticeships: During years 10, 11 and 12 you will complete stage 1 of your Apprenticeship. This will be undertaken on a part-time basis, with a local employer, while you undertake structured training with a Registered Training Organisation (RTO). When you leave school you will have completed the equivalent of the 1st Year of your Apprenticeship. You will complete your Apprenticeship on a full-time basis after leaving school.

How do I get started?
